

## Call for participation

The next edition of the FEMINISTIVAL will be open on July 13rd & 14th, 2019 at Couvent Levat in Marseille.

We are making a call to the artists, activists and popular educators to come up and invest the « La Chapelle de l'ancien Couvent Levat » and « Le jardin » at La Belle de Mai in Marseille for a weekend to work and deploy together a feminist and creative power.

We intend to reach :

- people who question the world, shake the patriarchal society and their racists and sexist representations.
- people who create connections between all of us
- people who are trying to change things around the Mediterranean sea

Together we are “The Boulegantes” !

Our engagements :

- Open visibility spaces and feminist expression to : cis, trans or non-binary people
- Create a moment of exchange, of free reflection and solidarity
- Raise awareness on oppression
- Bring together future educators and a community in Marseille to stimulate different exchanges : of points of view, skills and experiences
- Welcome people in a festive and friendly environment

General FEMINISTIVAL meeting will open to all on Sunday, April 28 at 12.00 am for a shared meal. The lunch time will be followed by a co-working time in « Jardin Levat ».

This project is supported by the citizen's initiatives and energy.
